

[Handwritten document]

Note

Looking at the bulletin of the Korean news agency (attached) they have removed from our greeting telegram sent to the 5th Congress of the Korean Workers' Party the words appearing at the end of the telegram: "with the soviet revisionists at its helm," which immediately followed the phrase: "against the modern revisionism."

They have also made some editorial changes at the 3rd paragraph of the telegram.

[Signed]

March 15, 1971
